

For more information, see line 453 in the guide. Complete this schedule, and **attach** a copy to your return to claim the working income tax benefit (WITB) if you meet **all** of the following conditions in 2013:

- you were a resident of Canada throughout the year;
- you earned income from employment or business; and
- at the end of the year, you were 19 years of age or older, or you resided with your spouse or common-law partner or your child.

The WITB is calculated based on the working income (calculated in Part A below) **and** the adjusted family net income (calculated in Part B below). You can claim the **basic** WITB (Step 2) if the working income (amount on line 8 below) is more than \$2,760. If you are eligible for the WITB **disability supplement** (Step 3), your working income (amount on line 7 below) must be more than \$910. **Also**, if your adjusted family net income is less than the amount specified in the **chart on the next page**, you need to complete this form to find out if you are entitled to the WITB. If your adjusted family net income is more than the amount specified in the chart on the next page, you are not entitled to the WITB.

You cannot claim the WITB if in 2013:

- you were enrolled as a full-time student at a designated educational institution for more than 13 weeks in the year, unless you had an eligible dependant at the end of the year; or
- you were confined to a prison or similar institution for a period of at least 90 days during the year.

Notes: If you were married or living in a common-law relationship but did not have an eligible spouse or an eligible dependant, complete this schedule using the instructions as if you had neither an eligible spouse nor an eligible dependant.

If you are completing a final return for a deceased person who met the above conditions, you can claim the WITB for that person if the date of death was after June 30, 2013.
